

St Catherine's Catholic Primary School

Year 1
Summer Term 2

English

During this half term in English, we will look at how to recount using the story 'Our trip to the woods'. Children will then compose their own recount using a first-hand experience. We will then cover a narrative 'Last stop at the market street'. Subsequently, children will write their own ending to the story. In phonics we will continue to look at the RWI set 3 sounds and look at multisyllabic words to extend their word reading.

Maths

In Maths, we will begin by looking at the concept of time using words to describe the passing of time. We will then look at months of the year and days of the week. We will finish off the unit by learning about the clock, reading the time to the hour and to half the hour.

We will move on to completing work about fractions and how to identify fractions as shapes and numbers.

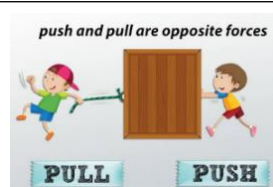

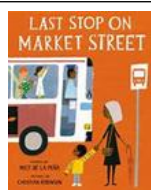

RE

In R.E this term we will look at the relationship between us and the universal neighbours that live in this world. We will also look at Prophet Muhammad and why he is important in the religion of Islam.

Science

In Science, we will be observing and describing different ways of moving. First, we will look at push and pull and identify what they look like. We will then explain the changes in movement as a result of an action. We will also cover friction and what that might look like using experiments to understand it.

Towards the end of the unit, we will look at how a magnet works and discuss natural forces that are around us.

History

In History children will begin to understand changes of living memory. We will begin by looking at what evidence and interpretation means. We will then identify the significance of toy's in history, by comparing our own toys to that of our grandparents or their ancestors. Finally, we will look at the differences and similarities between the toys.

Computing

This term we will continue to work on programming toys. They will understand algorithms better which is a thought process involving a sequence of instructions. Children will use the commands to make the Beebots move in a specific direction.

Art

In Art, year 1 will look at 'Kandinsky' and his 'abstract work'. They will begin by looking at his life and go on to compare his work to others. Children will later skill build his discipline of work and work towards creating their own piece of unique work.

Music

This term in music we will learn about the history of music, look back and consolidate learning and learn some of the language of music.

PSHE

In PSHE children will be introduced to the concept of the Trinity and think about what the Trinity means for them. They will then cover 'Living in the Wider World' which helps children to learn about the different local and global communities that they are part of, and what rights and responsibilities come with belonging to these communities.

PE

This term children will have the opportunity to continue with NUFC, who will lead athletics that involves competitive running, jumping, throwing, and walking. Children will also cover striking and fielding developing their fundamental movement skills.
