

St Catherine's Catholic Primary School

Year 6 Autumn Term 1

English

During this half term in English, we are beginning to look at our class text 'how to train a dragon' and start to craft some biographies and autobiographies. In spelling we will be focusing on: adjectives ending in -ant into nouns ending in -ance/-ancy, homophones and hyphen words.

Maths

To start this year, we will be looking at Number, addition and subtraction, including: composition and calculation involving multiples of 1,000 up to 1,000,000; negative numbers; counting, comparing and calculating; common structures of calculations, including part-part-whole models; using equivalence and compensation to calculate.

Science

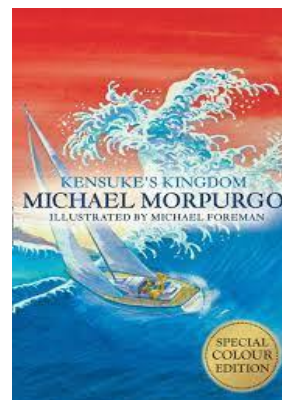

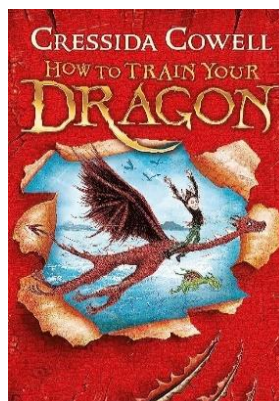

In Science, we will research the parts and functions of the circulatory system. Then will focus on how nutrients are transported around the human body. Then we will explore how a healthy lifestyle supports the body to function and how different types of drugs affect the body.

RE

In RE, we will be focusing on the theme of Love. We will examine both the love and care from people as well as God's unconditional love. We will learn how the vocation to priesthood involves love and commitment. In other faiths, we will learn about Rosh Hashanah and Yom Kipper.

History

In History, we will be looking at the conquest of the Vikings and how they shaped our country. We will also investigate the power struggle that occurred during the Viking invasion and their unfortunate raids on our coastline.

Computing

In Computing, we will learn about digital literacy and online safety. We will consider what "media balance" means and how it applies to us. Then we will learn about clickbait and how it uses the curiosity gap to get your attention. Then we will understand the purposes of different parts of an online news page.

Design Technology

In DT, we will look at how to create a balanced savoury meal.

Music

In Music, we will listen to pop/neo soul and listen to the song happy.

PSHE

In PSHE, we will be discussing the gifts and talents that we have; how puberty affects and changes us; how we can look after our bodies and keep them healthy, including the impact of substances on our bodies.

PE

In PE, we will be learning skills that can be used for invasion games. We will learn how to move, attack and defend and how to use these skills in game situations. We will also be developing our dance skills, by performing dances using a range of movement patterns.

French

The children will learn numbers, things within our classroom and how to start a conversation.
